AGENDA

ACTIVITIES DESCRIPTION

WELCOME MESSAGE

The first activity of the program is the welcome message from the organizers.

This is where you will get to know our team and (re)analyze everything that is going to happen during the mission.

PITCH-FIRE SESSION

Getting to know your mission colleagues can lead to strategic partnerships and great friendships. Throughout the years we have seen many participants closing deals among each other and setting up reunions after the program!

To break the ice, each representative will present their solutions to the other entrepreneurs. After that, we have separated some time to exchange business cards and get to know each other better.

FINTECH SCENARIO

The Dutch FinTech scene has grown substantially in the last few years. Amsterdam and cities nearby are already one of the major hubs in Europe, attracting companies from all over the world.

This talk will explore the local FinTech ecosystem and provide you with amazing insights about how to succeed within this industry.

GLOBAL OVERVIEW OF SOUTH HOLLAND

This talk will explore the unique region of South Holland, which contain no less than 60 municipalities, 3 renowned universities, and a strong international business community with a truly entrepreneurial spirit.

The region has a superior logistics and digital infrastructure, a competitive tax climate, highly educated and multilingual workforce and excellent quality of life.

PANEL DISCUSSIONS

You will participate on discussions about many topics involving our ecosystem and business opportunities.

We will bring experts in the market to moderate the panels and provide the most valuable insights.

DUTCH INCENTIVES FOR TECH COMPANIES

The Dutch government provides tech companies with great incentives to bring their solutions to The Netherlands.

This seminar will describe some of the benefits that these companies have and how to take advantage of them as a FinTech.

INCORPORATION, TAXES AND REGULATIONS

Understanding the differences between your target and home country is fundamental to start your operations effectively.

The program includes an explanation from an accountant and a lawyer about incorporating in The Netherlands, as well as an overview of the tax scenario and the regulations for FinTechs.

ROAD TO SUCCESS

One of the best ways to create a successful strategy is to learn from the experience of others.

Having that in mind, we are going to visit local FinTech entrepreneurs and innovation hubs, who will share their journey and provide you with useful tips to succeed in The Netherlands.

FEEDBACK SESSION

We are going to finish our program discussing the program and the insights that you got to enter the Dutch market.

Our experienced team, which has helped over 50 companies expand internationally, will provide you with valuable feedback and help you improve your strategic plan.

AT THE END OF THE PROGRAM YOU SHOULD HAVE ANSWERED THE FOLLOWING QUESTIONS:

- Why is The Netherlands an interesting country for FinTechs?
- Who are the big players in the Dutch FinTech ecosystem?
- What does the FinTech market look like in The Netherlands?
- How did successful FinTech companies scale in The Netherlands?

COMPANY AND TEAM

THE HOST

Crosspring is an incubator focused on ICT and FinTech, which has assisted over 50 companies to start up throughout the years.

An international mindset is a core part of the incubator. Crosspring has a great number of foreign teams in the program, and all the startups are incentivized to think global from day one.

Besides that, Crosspring is part of several international initiatives together with governments and different tech hubs around Europe.

THE TEAM

Meet the team that will help create bridges with South-Holland.
