

Soft-Landing Mission to New York | United States

14th – 18th October, 2019

STARTUP
EUROPE

**Mission to New York
For Startups**

New York startup ecosystem in a nutshell

9000 active startups

Sub-Sector Strength: **AI, Big Data, Analytics, Cybersecurity** and **Life Sciences**

World's **2nd largest** tech ecosystem

Early-stage funding per startup **\$641 K** (Global avg. 284 K)

Ecosystem Value **\$64 bn** (Global Median: \$5 bn)

Nearly 50% of NYC's tech workers are foreign-born

Companies already here

What our missions look like?

5-days to explore the ecosystem

- Full-day activities from Monday to Friday (full participation in the programme required).
- Key meetings to help you understand how to scale in New York.

Practical support

- Support for travel and accommodation costs up to 950 Eur.
- Suggestions on exciting side events to attend.
- Organized transfers during the day.

The best events and networking

- Exciting site visits and events.
- Social events and networking with other startups and scaleups in the hub.
- Plenty opportunities to get to know fellow mission participants.

How will the mission help your business?*

- **RELEVANT CONTACTS** | Meet innovation labs and investors that work with European ventures
- **SCALE IN US** | Learn how to do effective sales, set up a team, nail unwritten business rules
- **OPEN A BUSINESS** | Legal strategy, immigration, incorporation, tax
- **STARTUP STORIES** | Meet startups who scaled to US and drill them for details!

Feedback on our previous mission to US

“Soft Landing really put together an amazing line-up of top speakers for a **no-bullshit open conversation** about the US market and the Silicon Valley.”

[Josselin Guibert](#)

Founder at Wine Picker

“Mission to Silicon Valley was a real **mind-opening experience**. We had a chance to get **first-hand insights** from leaders and investors. Their **unique and honest opinions and feedback** helped us challenge our business and definitely allowed us to avoid many mistakes that EU startups make when entering US market. ”

[Evgenia Sopochnikina](#)

CEO and Co-Founder at xLearn.fr

“The Silicon Valley mission has been an intense and insightful experience. It gave us a global understanding of the powerfulness of this famous ecosystem. It also brought **us a lot of energy and contacts** to prepare the next steps for a development of the Premedit in the USA.”

[Jérôme Galerne](#)

Cofounder & CEO at Premedit

Organized by Startup Division (Lithuania) & Ryan Academy DCU (Ireland)

Startup Division is a leading startup support organization in the Baltics connecting startup ecosystems globally. It runs world-wide entrepreneurship support projects, helping to access investors, accelerators & incubators, and providing soft-landing support.

- 1000+ startups assisted.
- 5M+ EUR raised for startup support programmes.
- 200+ mentor, investor and business professional network.

Dublin City University is Ireland's university of Transformation and Enterprise and the DCU Ryan Academy is a leader in entrepreneurial & innovation practice. DCU Ryan Academy is a collaboration between DCU and the family of Tony Ryan, one of the country's most successful entrepreneurs. Ryan Academy provides a unique home where entrepreneurs and startups are supported, helping them transform great ideas into successful businesses.

Mission to New York is a joint initiative by two Startup Europe projects

[Soft-Landing](#) and [Startup Lighthouse](#) are EC-funded projects that help startups scale abroad by connecting startup ecosystems in European and beyond. The 'missions' are mini acceleration programmes (3-5 days) that provide necessary support for startups to understand the market.

Similar programs are organized to:

- the Netherlands (Soft-Landing)
- Berlin (Soft-Landing & Startup Lighthouse)
- Lisbon (Startup Lighthouse)
- Dublin (Startup Lighthouse)
- Israel (Startup Lighthouse)
- the Baltics (Soft-Landing and Startup Lighthouse)
